

GAS CONVECTION OVEN

Gas Convection Ovens

Specifications

Full-size natural gas, forced air, single or double deck convection type oven. Standard specifications include 60,000 BTU per deck, a two-speed fan with cool down and our patented wheel-within-a wheel enhanced air flow system powered by an energy saving 1/4 HP air cooled fan motor.

Door interlock switch automatically turns the fan and burners off when the oven door is open. A manual rotary switch will turn the fan on when the door is open for quick cool-down. The 60 minute timer has a continuous ring alarm with manual shut-off. The indicator light glows when the burners are on.

The oven interior measures 29" wide (737mm) by 20" high (508mm) by 22 1/4" deep (567mm). The cooking chamber is porcelain enamel over heavy gauge steel with removable 11- position rack guides with 1 5/8" spacing (41mm) and 5 heavy-duty adjustable chrome-plated racks.

The oven exterior measures 39" wide (991mm) by 39" deep without handles (991mm) and 41 3/8" deep with handles (1051mm) by 32" (813mm) high. Front, top, sides and trim are constructed with stainless steel. Single oven legs are 31 3/8" tall (797mm) with casters and 27 5/8" (702mm) with adjustable bullet feet finished with Durable Black Powder Coating.

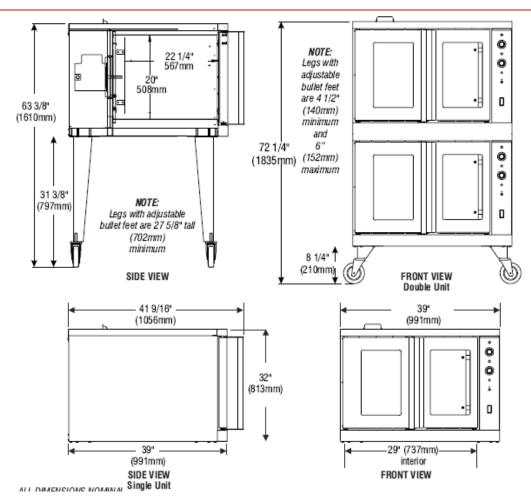

Dual doors are 60/40 split with double-pane thermal glass, independent operation, stainless steel seals and double mounted "Cool Touch" handles. Doors are fabricated with stainless steel inside-and-out, and fully insulated with 2" of industrial grade insulation.

Gas	Convection Ovens
	Model TSCO-G1 Single
	Model TSCO-G2 Double
Star	idard Features
	Energy efficient 60,000 BTUH oven combination
	direct/indirect forced air heat system in natural or LP gas
	120v, 60hz controls
_	Electronic temperature control
	Double-pane thermal glass door windows
	Oven lights
	60-Minute continuous ring timer with manual shut-off
	150°F (65°C) to 550°F (288°C) temperature range
	1/4 HP air-cooled two-speed fan motor
	Cool down fan mode
	Burners-on and temperature-ready indicator lights
	Porcelain enamel oven interior
	11-Position removable rack guide with 1 5/8" spacing
	5 Heavy-duty, positive-stop, chrome-plated wire racks
	Stainless steel front, top & sides
	Black Powder Coated legs with adjustable bullet feet
	Stainless steel, 60/40 split independent operation doors,
	with dual mounted handles
	Stainless steel door seals
	Stacking kit for double ovens
	Front mounted, hinged control panel for easy service
	access
	Heavy-duty industrial grade insulation in top, sides, back &
_	doors
	Limited 1-year parts, labor & door warranty
_	Elimited 1-year parts, labor & door warranty
Onti	ons & Accessories
Opti	Open rack stand with rack supports
	Black Powder coated legs with stainless steel undershelf
	Additional oven racks
	Heavy-duty caster set, two with caster locks
	Perforated rear panel - field installation only
	Oven flue
	Stainless steel legs with or without casters
	LP gas
	International voltages, 50hz
