Designed Smart

Increased Performance

- High output gas burners generate 28,000 BTU's per burner
- Reduces amount of labor time to boil water by 50%
- Fast start-up to prime cooking temperatures
- Openings in the front allow the pilot light to be easily lit and adjusted without removing the front panel
- Thick, stainless steel construction on front panel and top skirt protects against kitchen "wear and tear" and rust
- Thick cast iron grates stand up to years of high output use
- Welded construction
- Bull-nose front extension protects employees from burns

Saves Time and Clean-up Labor Cost

- Maintenance is easier with bottom-mount grease collection pan and removable top grates
- Self-cleaning radiants
- Field convertible gas regulator

Tri-Star Design Features

- Heavy-duty stainless steel and aluminized steel construction
- 28,000 BTU/hr per cast iron burner
- Smooth action, infinitely adjustable gas valves turn 180 degrees, giving the operator ultimate control
- Field convertible gas regulator
- Removable cast-iron grate
- Stainless steel collection pans
- Adjustable viewable pilot
- 4" (10.2cm) heat-resistant, adjustable legs
- Front or top-serving

*Warranty does not include cooking grates or fireboxes.

Model TSGHPS-6i Standard Gas Hot Plate
